# Connect the Dots

# Exploring Your Watershed:

follow your raindrop!

## Streamkeepers

Streamkeepers look for aquatic creatures in their local streams. The species they find help them know if the water is clean or polluted.

These creatures are found where the water quality is good:

1. Mayfly adult
2. Mayfly larva
3. Stonefly nymph
4. Caddisfly larva

These creatures are found where there is both good and fair water quality:

5. Scud
6. Dragonfly
7. Dragonfly nymph
8. Crane fly larva

These creatures are found even where water quality is poor:

9. Water mite
10. Planarian

# Reedy River Mad Libs

It was a \_\_\_\_\_, sunny day in Greenville.  
ADJECTIVE

The \_\_\_\_\_ day to go to Falls Park and  
ADJECTIVE

see the \_\_\_\_\_ River. I could see  
NOUN

everything from the \_\_\_\_\_! The water  
NOUN

\_\_\_\_\_ down the side of the rocks, the  
VERB ENDING IN -ING

\_\_\_\_\_ walking their dogs, and the  
PLURAL NOUN

musicians playing their \_\_\_\_\_. But  
PLURAL NOUN

something was wrong! The water wasn't clear, instead it

was \_\_\_\_\_. It even smelled like  
COLOR

\_\_\_\_\_. \_\_\_\_\_! "We  
NOUN EXCLAMATION

need to \_\_\_\_\_ the Reedy!" As I was  
VERB

eating my \_\_\_\_\_ from  
FOOD

\_\_\_\_\_, I began to think of ways I could  
STORE NAME

help. First, I will plant \_\_\_\_\_ to help keep  
PLURAL NOUN

trash out of the river. Second, I will use less water.

\_\_\_\_\_, I will join Friends of the Reedy  
NUMBER

River in their river cleanups!

Word Scramble: river, watershed, runoff, water, oxygen,  
pollution, rain, stream, fishing, drain

Crack the Code: All drains lead to the river!

**Friends of the Reedy River** is a 501(c) (3) non-profit, volunteer-based, conservation organization dedicated to promoting, preserving, and restoring the Reedy River. In 1993, a handful of concerned citizens established Friends of the Reedy River. Recognizing the historic importance of our hometown river, the organization has sought to preserve the rich history and cultural heritage that revolved around the river, and to restore the natural environment along the Reedy. We aim to:

**Educate** the community on the importance of the river to the health and economic benefit of our community.

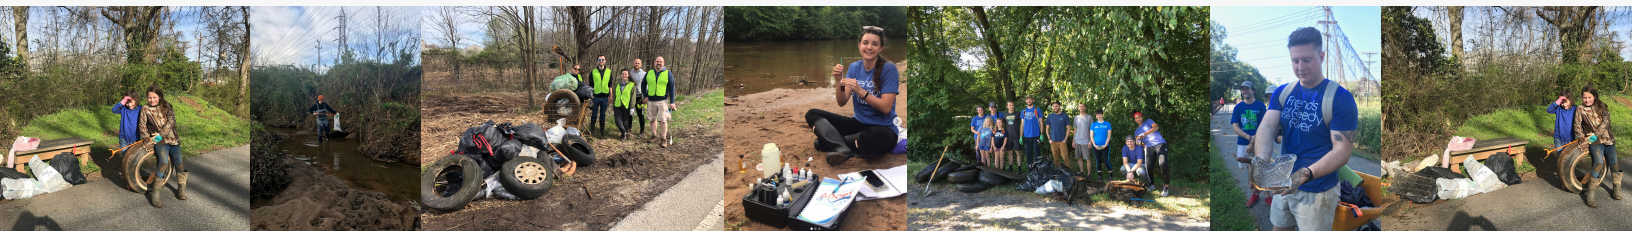

**Advocate** for improved protection for the river as a response to the increased development of downtown Greenville.

**Activate** the community to get involved with the health of the river.

Visit [friendsofthereedyriver.org](http://friendsofthereedyriver.org) to find out how you can get involved!
